(1) (a) Except as provided under Section 49-12-701, retirees of this system may choose from the six retirement options described in this section.

(b) Options Two, Three, Four, Five, and Six are modifications of the Option One calculation.

(2) The Option One benefit is an annual allowance calculated as follows:

(a) If the retiree is at least 65 years of age or has accrued at least 30 years of service credit, the allowance is:

- (i) an amount equal to 1.25% of the retiree's final average monthly salary multiplied by the number of years of service credit accrued prior to July 1, 1975; plus
- (ii) an amount equal to 2% of the retiree's final average monthly salary multiplied by the number of years of service credit accrued on and after July 1, 1975.

(b) If the retiree is less than 65 years of age, the allowance shall be reduced 3% for each year of retirement from age 60 to age 65, unless the member has 30 or more years of accrued credit in which event no reduction is made to the allowance.

(c) (i) Years of service includes any fractions of years of service to which the retiree may be entitled.

(ii) At the time of retirement, if a retiree's combined years of actual, not purchased, service credit is within 1/10 of one year of the total years of service credit required for retirement, the retiree shall be considered to have the total years of service credit required for retirement.

(d) An Option One allowance is only payable to the member during the member's lifetime.

(3) The allowance payable under Options Two, Three, Four, Five, and Six is calculated by reducing an Option One benefit based on actuarial computations to provide the following:

(a) Option Two is a reduced allowance paid to and throughout the lifetime of the retiree, and, if the retiree receives less in annuity payments than the amount of the retiree's member contributions, the remaining balance of the retiree's member contributions shall be paid in accordance with Sections 49-11-609 and 49-11-610.

(b) Option Three is a reduced allowance paid to and throughout the lifetime of the retiree, and, upon the death of the retiree, the same reduced allowance paid to and throughout the lifetime of the retiree's lawful spouse at the time of retirement.

(c) Option Four is a reduced allowance paid to and throughout the lifetime of the retiree, and upon the death of the retiree, an amount equal to 1/2 of the retiree's allowance paid to and throughout the lifetime of the retiree's lawful spouse at the time of retirement.

(d) Option Five is a modification of Option Three so that if the lawful spouse at the time of retirement predeceases the retiree, an allowance equivalent to the amount payable at the time of initial retirement under Option One shall be paid to the retiree for the remainder of the retiree's life, beginning on the first day of the month following the month in which the:

(i) spouse died, if the application is received by the office within 90 days of the spouse's death; or

(ii) application is received by the office, if the application is received by the office more than 90 days after the spouse's death.

(e) Option Six is a modification of Option Four so that if the lawful spouse at the time of retirement predeceases the retiree, an allowance equivalent to the amount payable at the time of initial retirement under Option One shall be paid to the retiree for the remainder of the retiree's life, beginning on the first day of the month following the month in which the:

(i) spouse died, if the application is received by the office within 90 days of the spouse's death; or

(ii) application is received by the office, if the application is received by the office more than 90 days after the spouse's death.

(4) (a) (i) The final average salary is limited in the computation of that part of an allowance based on service rendered prior to July 1, 1967, during a period when the retiree received employer contributions on a portion of compensation from an educational institution toward the payment of the premium required on a retirement annuity contract with a public or private system, organization, or company designated by the State Board of Regents to \$4,800.

(ii) This limitation is not applicable to retirees who elected to continue in this system by July 1, 1967.

(b) Periods of employment which are exempt from this system under Subsection 49-12-203(1)(b), may be purchased by the member for the purpose of retirement only if all benefits from a public or private system, organization, or company designated by the State Board of Regents based on this period of employment are forfeited.

(5) (a) If a retiree under Option One dies within 90 days after the retiree's retirement date, the retirement is canceled and the death shall be considered as that of a member before retirement.

(b) Any payments made to the retiree shall be deducted from the amounts due to the beneficiary.

(6) If a retiree retires under either Option Five or Six and subsequently divorces, the retiree may elect to convert the benefit to a Option One benefit at the time of divorce, if there is no court order filed in the matter.

Amended by Chapter 15, 2014 General Session

49-12-403. Allowance payable by lump sum payment.

(1) If a retiree's allowance, as computed under this chapter, amounts to \$25 or less, the allowance may be settled by the office by making a lump-sum payment of an amount actuarially equivalent to the allowance.

(2) A payment made under this section constitutes a full and complete settlement of the retiree's claim against this system.

Renumbered and Amended by Chapter 250, 2002 General Session

49-12-404. Lump-sum death benefit for retiree and spouse.

(1) (a) Upon retirement, a retiree may elect to have the office deduct an actuarially determined amount from the retiree's allowance to provide a lump-sum benefit payable to a beneficiary upon the death of the retiree.

(b) Upon retirement, a retiree may also elect to have an actuarially determined amount deducted from the retiree's allowance to provide a lump-sum death benefit payable to a beneficiary upon the death of the retiree's lawful spouse at the time of retirement.

(c) The board may make rules for the administration of this lump-sum death benefit.

(2) (a) For a retiree who pays for a lump-sum death benefit under this section through a reduction of an allowance, benefits shall be paid in accordance with Sections 49-11-609 and 49-11-610.

(b) If the retiree chooses Option Three, Four, Five, or Six, and a lump-sum death benefit is payable after the death of the retiree, the allowance shall be restored to its original amount.

(3) (a) A retiree whose retirement date is on or after July 1, 1995, may elect to cancel the lump-sum death benefit under this section.

(b) The cancellation under this Subsection (3) is irrevocable.

(1) Only members of this system who became eligible for a disability retirement allowance before January 1, 1983, are covered under this section.

(2) (a) The board may, upon the recommendation of the administrator, require any retirant who has been retired for disability and who has not attained the age of 60

years, to undergo a medical examination by a physician or surgeon, appointed by the board, at the place of residence of the retirant or other place mutually agreed upon.

(b) Upon the basis of the examination, the board shall determine whether the retirant with a disability is still incapacitated, physically or mentally, for service under this chapter.

(c) If the board determines that the retirant is not incapacitated, the retirement allowance shall be cancelled and the retirant shall be reinstated immediately to a position of the same class as that held by the retirant when retired for disability.

(d) If any employing unit is unable to reinstate the retirant, the board shall continue the disability retirement allowance of the retirant until employment is available.

(5) (a) If any member retired for disability engages in a gainful occupation prior to attaining age 60, the administrator shall reduce the amount of the retirement allowance to an amount which, when added to the compensation earned monthly by the retirant in that occupation, may not exceed the amount of the final average monthly salary on the basis of which the current service retirement allowance was determined.

(b) If the earning capacity of the retirant is further altered, the administrator may further alter the retirement allowance as provided in this Subsection (5).

(c) In no event, however, may the retirement benefit be reduced below that portion of the retirant's allowance derived from the retirant's own accumulated contributions.

(b) If the refusal continues for one year the disability status may be cancelled and membership terminated.
